## CLOSING SESSIONS ARE CONVENTION FEATURES

**Sunday School Workers Elect Officers and Adopt Resolution**

**BANNER TO CHARLEROI**

**Front Line Award Comes to This District for Third Time**

Featured by the election of officers, an address by J. Campbell White, Esq., of New York city and the adoption of a resolution opposing the liquor traffic, the last day's session of the eleventh annual convention of the Washington County Sunday school association at Monongahela Friday was the best of all convention sessions this week.

The Charleroi district, known as District No. 1 in the county association received the award for the third time of the "Front Line banner," awarded to the district having the greatest number of front line schools.

At the Friday afternoon business meeting the following officers were elected:

President, W. F. Alten, Monongahela; vice president, Dr. W. D. Irons, McDonald; recording secretary, Mrs. Cora Sutherland, Burgettstown; field secretary, Mrs. Mary L. Stewart, Washington; treasurer, James Boyle, Washington. The president, field secretary and treasurer were re-elected.

Department superintendents were named as follows: Elementary, Miss F. A. Cooper, Monongahela; home, Miss Jennie H. Pollock, Houston; teacher training, Rev. J. D. Cavitt, McDonald; adult Bible class, W. S. James, Charleroi; temperance, George P. Kunkleman, Monongahela; foreign work, Rev. C. L. McKee, Washington; evangelistic work, Charles Hall, Canonsburg; missionary work, Miss Romaine Russel, Hickory; secondary division, Rev. G. G. Kerr, Canonsburg.

All of these were re-elections with the exception of the superintendent of the missionary department.

A new department was created, it being that of rural work and Rev. J. B. Miller, of Amity was named superintendent.

The "dry" resolution was presented at the afternoon session, and with its passage the association went on record placing itself clearly in line to eliminate alcoholic beverages from county, state and nation.

This resolution in full, which was presented by the Rev. C. L. McKee, Washington, John B. Holland, Venice and Byron E. Tomlinson, Washington, and which was unanimously adopted, read as follows:

Resolved, that we place special emphasis on the temperance and the foreign work. The world is our field and most of the world today is represented in Washington county. Let us work for the help and protection of the numerous and far from home foreigners and strangers within our borders. Let us teach our children so that they may be on guard against the devilish greed of the heartless whiskey monger and the contemptible political trickster. Let us put forth a supreme, and, with divine help, a superhuman effort to make this county and state and nation dry and let that be soon.

## Organizing New League

**Erstwhile Pawva "Boosters" Now "Boosting" in Eastern Part of the State**

Fred G. Paige, George Needman and Hugh Shannon, managers of teams in the late Pennsylvania-West Virginia league have organized another league in Schuylkill and Northumberland counties. Paige is managing the Shamokin team; Shannon has charge of Mahanoy City and Needman is manager of both Mount Carmel and Tamaqua clubs. Pottsville was to have been included but no park was available so the "franchise" was transferred to Tamaqua.

The league is to be known as the Central league and it will open its season on July 3, probably with a view of reaping a harvest on the Independence Day games.

## WILL TELL WHEN SEATS ARE FILLED

**The Pennsylvania Railroad Adopts New Wrinkle for Benefit of Passengers**

**ANNOUNCE NEW SCHEME**

Pennsylvania Railroad passenger trainmen have received instructions that whenever passenger coaches are crowded, a member of the train crew must announce the number of seats available in other coaches, and must also tell the number of seats available in each coach. Special attention is directed to this practice at the larger terminals where passengers are liable to be inconvenienced by the congestion of travel.

These instructions for trainmen to find seats for passengers follow a recent investigation which developed that almost invariably when some cars on a train were crowded, there were sufficient seats available in other cars on the train to accommodate all the passengers who were standing if the passengers could only be made to know of it.

It is now made the business of trainmen to see to it that no passenger is compelled to stand if there are any seats left in any part of the train. The policy of the management is to provide sufficient cars to seat all the people normally using any train.

## NORMAL STUDENTS MAKE GOOD MARKS

**State Board of Examiners Gives Out Statements Concerning Results of Test**

**COMMENCEMENT BEGINS**

Commencement exercises at the California Normal school, which start today will get under way with every student and member of the faculty in a fitting mood for the state examining board announced Friday that every member of the senior and the entire junior class had successfully passed their examinations.

There is much elation at the excellent record made in the school work this year, which is rather unusual. The senior class has 45 members and the junior class 133, making a total of 178 students to take the examinations without a single one failing.

The state examiners spoke in a very complimentary manner of the work accomplished at the normal this year, one member of the board laying particular stress on the excellence of the arrangement of the various courses of the institution.

Commencement festivities will be opened with a baseball game between the school team and the California independents.

Tonight the members of the junior class will present their annual play, which is always one of the most pleasing of the commencement features.

**State Inspector Visits Steel Town and Gives Instructions**

**MUST REMOVE GARBAGE**

**Controversy of Borough and Garbage Collector to be Settled as Result**

As a result of a visit of Charles H. Speiker, state inspector of water ways to Monessen, that town may undergo a thorough cleaning and a bitter controversy between the borough and the garbage collector L. T. Carter will be decided. Inspector Speiker came to Monessen after matters pertaining to the dumping of garbage within the borough limits had been brought to the attention of the state department.

When Inspector Speiker arrived, he went to work at once, not only on the question of deciding on the removal of garbage, but also regarding the removal of such things as cow stables and manure piles from the borough. It seems that cow stables are things against which the health laws of the state are strict. These laws condemn the practice of maintaining cow stables and pig sties within a borough, but in spite of the existence of this law, Inspector Speiker found them to exist in Monessen. He immediately got in touch with the local board of health and made some suggestions that in all probability will result in their removal.

But that was not all. He canvassed the town and got an idea of where objections lie to the dumping of garbage on what is known as the Carter dumping ground. Results will probably be that Garbage Collector Carter will be required to clean up the place and to remove the garbage already dumped there to another spot.

A meeting of the board of health and others will be called in the near future and the feasibility of constructing an incinerating plant and a system of garbage removal will be discussed. The question has become one of vital importance to Monessen.

**"THE CABARET DANCER" AT THE LYRIC TODAY**

As a special attraction at the Lyric theatre this evening Miss Alice Joyce will be shown in the role of a cabaret dancer in the picture "The Cabaret Dancer." This is the first time that she has shown her ability as a dancer for the motion picture public. This drama reveals the famous actress as a brilliant exponent of the terpsichorean art. In addition to this attraction "The Warrior Maid," being the tenth story of Kathlyn and "The Grafters," a cartoon comedy picture, will be shown.

## BASEBALL AS A BUSINESS.

Judges sitting in United States  
courts have given baseball cases long  
and careful consideration this year.  
They have treated the breaking of  
contracts between players and their  
employers as a grave matter of busi-  
ness, says the Cleveland Leader.  
This is a sharp contrast with the  
conditions which existed when the na-  
tional game had not brought about  
the investment of great sums in  
grounds and stands and built up an  
elaborate system of regulating and  
controlling the sport, as an amuse-  
ment provided for profit by men who  
made it their sole means of support.  
There were instances, in the early  
periods of baseball, of the impatient  
and contemptuous refusal of judges  
to take baseball cases under consid-  
eration. They were thrown aside  
as unworthy of serious attention.  
Now this is manifestly impossible.  
Too many men live by their work as  
ball players. Too many depend upon  
the sport for their support in other  
ways. They are groundkeepers, sec-  
retaries, clerks and scorecard pub-  
lishers. They work as trainers, repair  
men and gatekeepers. Indirectly base-  
ball keeps thousands of families fed,  
clothed and sheltered, though there  
are no players in many of these  
households.  
Moreover, the capital invested in  
baseball is measured by millions of  
dollars. It involves heavy outlays  
and large risks. It demands the con-  
sideration given by the laws and the  
courts to other business. More and  
more its doubtful points in respect  
to players' rights and obligations and  
all other questions will be clearly de-  
fined and established by the statutes  
and by court precedents.

PROGRESS OF PROGRESSIVES.  
Few republicans in the country ex-  
pected the re-election of Mr. Taft in  
1912, remarks the Altoona Tribune.  
The regulars who stood by him were  
not deceived. The followers of Mr.  
Roosevelt were satisfied with the de-  
feat of Taft. They thought the coun-  
try could stand one democratic na-  
tional administration without suffer-  
ing any great harm.  
As for the progressive leaders in  
states like Pennsylvania, says the  
Tribune they were discredited repub-  
licans, almost without exception men  
who had tried the republican party  
out and exhausted its possibilities of  
showing favors upon them. The  
rank and file of the progressives risk-

ed it; they were disgusted with Taft  
and his environment.  
This year, however, the country is  
suffering from democratic misrule.  
Most progressives are going to help  
achieve a decisive republican victory.

Beauty specialists advise beauty  
seekers to fall asleep quickly after  
retiring. Still, considering ourselves  
in the light of horrible examples, we  
seriously doubt the efficacy of that  
plan.  
The difference between a musical  
treat and another kind of treat is  
that you have to pay for the former.  
As long as a man knows he can hit  
you successfully for a dollar he is  
your friend.  
Every girl knows lots of things  
that she doesn't want you to know  
she knows.  
Presently, if our prophetic vision  
is on straight, we shall be hearing of  
the stately minuet under some such  
euphonious appellation as grape juice  
shake or cocoanut drag.  
No wonder it is hard for the Mex-  
icans to suggest a president when  
each one wants to be that himself.  
The latest to be learned from Mex-  
ico is that of a revolution within a  
revolution within a revolution.  
The nice thing about a writer who  
never studied Latin is that he never  
attempts descriptions in that lan-  
guage.  
Nobody has so many ideas on suc-  
cessful marriage as those who were  
never married.  
Judging from the meditating nec-  
essary being a mediator is something  
similar to being the secretary of a  
commission that is trying to keep  
their jobs with a new administration.  
Drinking to the other fellow's  
health is sometimes disastrous to  
your own.  
Villa's ideas of the correct method  
of mediation differ from the univer-  
sal belief on the technical point of  
whether argument should be carried  
on by word of mouth or with a gun.

PICKED UP IN PASSING  
Two young fellows were standing  
on the street conversing the other  
afternoon when a funeral party passed.  
Naturally, both looked at the ar-  
ray of carriages and observed the  
hearse.  
"Wonder who's dead?" queried one.  
"The guy in the carriage, you  
mutt," the other replied.  
The tall bookkeeper wound about  
three yards of lower limb around the  
leg of the table and remarked, says  
an exchange as he gazed off into  
space:  
"I would like to know just what  
some people's idea of inconvenience  
is. For instance the other day a small  
child belonging to one of our neigh-  
bors knocked at our back door.  
"What can I do for you, little  
girl," I asked.  
"Well," she said, "my papa says he  
hopes it won't inconvenience you any,  
but he has sent our ice box down  
town to have a new lining put in, and  
he wants to know if you will lend us  
your refrigerator for three or four  
days until ours gets fixed."  
"Can you beat that?"

While Miss Luella Scott of Monon-

day school convention Thursday even-  
ing burglars entered the Scott home  
and ransacked the house completely  
throughout. For all their trouble  
they got but \$3 from a purse in a  
desk in the sitting room.

Miss Scott securely locked the  
doors before leaving and a window on  
a side alley was forced. Drawers in  
desks, tables and dressers were open-  
ed and the contents strewn over the  
floors. A watch and other valuables  
were left untouched. Small change  
was taken from several small purses  
and the purses were found on Main  
street Friday.

## CONVENTION

(Continued from First Page)

The place of holding the next year's  
convention was not decided. This  
question will be left up to the execu-  
tive committee, though it is known  
that McDonald is favored by many.  
It was decided at the business ses-  
sion that hereafter the nominating  
committee should consist of the presi-  
dents of the nineteen districts of the  
county instead of a committee named  
at the convention. The treasurer's  
report, heard Friday, showed that the  
receipts for the year totalled \$1,619.52  
while the expenditures were \$1,589.56,  
leaving a balance of \$39.96. Two dele-  
gates were named by the convention  
to attend the international convention  
to be held in Chicago June 23 to 30.  
These delegates are Mrs. Mary L.  
Stewart of Washington and Miss  
Frances Cooper of Monongahela.

Friday evening's closing meeting  
was held in the First Methodist Epis-  
copal church instead of in the big  
convention tent. Rev. H. N. Cam-  
eron of Washington discussed "Wash-  
ington County Drq." and J. Campbell  
White of New York city spoke on  
"The Sabbath School and Heathen  
Nations." The men's musical choral  
society of Monessen furnished an in-  
teresting musical program.

Friday night the superintendents of

Episcopal church while at noon the  
Ladies Aid society of the Methodist  
church training department was  
entertained at the home of the

## AMONG THE THEATRES

### THE PALACE—CHARLEROI.

With this week's program a good one, Manager Barnhart at the Palace theatre is planning for still better things to offer next week, when he will present nightly features the like of which has, he claims, never been equalled in Charleroi. The planned programs include eight reels of pictures each night. All pictures will be features. During this week among the special films produced were "Twilight," a three-reel Warner; "Baby Spy," in two reels on Monday; the Pathe Weekly, and "A Leaf from the Past," in two parts on Tuesday, "Barbara, the Barbarian," in two parts on Wednesday, and "For the

Love of a Man" in three reels on Thursday. For Friday Manager Barnhart has booked a feature "Children of the West."

### THE LYRIC—CHARLEROI.

Featuring attractions were numerous at the Lyric theatre this week. On Monday one of the chief attractions was the third episode in the "Perils of Pauline" a series of photographs written by one of the best known novelists of the day, "Madam Coquette" was another of the leading dramas dealing with society life. On Wednesday as a special attraction the burial of the heroes of Vera Cruz was pictured. Thousands were portrayed standing in reverent silence while the bodies of the 17 Americans killed at Vera Cruz were trundled through the streets of New York. Another of the leading features was

"Seeds of Chaos" a powerful and impressive drama which was shown in two parts.

### COYLE—CHARLEROI

An exceptionally good program of motion pictures featured the weeks attractions at the Coyle theatre. Chief among the pictures of the week's schedule was "The Triumph of Mind." The picture which was a powerful and interesting drama was shown in three parts with some of the most noted movie players in the leading roles. The story dealt with mental psychology. "Avenge" was the title of one of the most prominent pictures shown on Thursday. This picture portrayed in an interesting yet peculiar manner the happenings in a small sea coast town. A picture-

esque and impressive southern drama entitled "The Lost Sermon" dealt with a pretty southern love affair and the beautiful, natural southern scenery aided in the mission of the picture. The usual amount of good comedies were among the week's most attractive productions.

## PENNSYLVANIA OWNS MUCH EQUIPMENT OF ALL-STEEL VARIETY

On January 1, 1914—the latest date for which statistics are available—the Pennsylvania Railroad system, with 2,554 all-steel passenger cars in service and 379 others under construction, owned more than one-third of all the steel passenger equipment cars in use in the United States.

The above figures are exclusive of sleeping and parlor cars. The total number of all-steel passenger cars, other than Pullman cars, in service in the United States on January 1, 1914, was 7,377. To replace with steel all wooden passenger cars now in use in the United States will cost about \$581,000,000.

There were 2,115 steel sleeping and parlor cars in service on all roads on January 1, 1914, and 750—more than one-third of this number were in use on the lines of the Pennsylvania System. Every sleeping car normally in use on the Pennsylvania system is of all-steel construction.

The Pennsylvania Railroad announced in 1905 that all future additions to its passenger equipment—passenger coaches, postal cars, baggage cars, express cars, etc.—would be of all-steel construction and on January 1, 1914 almost exactly one-half of its passenger equipment had been replaced with steel cars. The Pennsylvania had 6,100 passenger equipment cars in service on January 1, 1914.

## WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself." — Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

## DON'T MISTAKE THE CAUSE

Many Charleroi People Have Kidney Trouble and Do Not Know It.

Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Read this Charleroi testimony. Matt Miller, 210 Second St., Charleroi, Pa., says: "While I was living in Marion, Ind., I had trouble from my back; it ached all the time. I had headaches and dizzy spells and the kidney secretions were discolored and profuse in passage. I tried

Doan's Kidney Pills and they relieved me promptly. When I have weak kidneys now, Doan's Kidney Pills never fail to benefit me. I am always ready to recommend this remedy. The public statement I gave some years ago, still holds good."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.
